Applicants respectfully submit that color drawings are necessary as the best practical medium by which to clearly disclose the subject matter sought to be patented in the above-captioned utility patent application. The color drawings for Figures 15 and 16 are the best practical medium by which the function, operation, and features described in reference to these figures can be clearly disclosed. Without the use of color, the surface features of the three-dimensional seismic data cannot be clearly illustrated or described. Early written notice of acceptance of the color drawings is solicited.

The Commissioner is hereby authorized to charge the petition fee of \$130 as set forth in 37 C.F.R. §1.17(h), along with any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-2112. A duplicate copy of this Petition is enclosed.

Respectfully submitted,

William P. Jensen, Reg. No. 36,833
